

Frazier Growth Buyout Closes on Two Acquisitions for United Derm

Seattle, WA January 31, 2018 – Frazier Healthcare Partners announced today that United Derm Partners (the “Company” or “United Derm”), an FHGB Fund VIII platform company, has completed the acquisitions of Bend Dermatology, located in Bend, OR, and Renewal Dermatology & Laser (“Renewal”), located in Truckee, CA. Each acquisition serves to expand and strengthen the Company’s growing footprint and network of leading affiliated dermatology practices.

Bend Dermatology, headed by Dr. William Delgado, M.D., is a leading dermatology practice in Central Oregon, providing general dermatology, Mohs surgery, dermatopathology and cosmetic services for over three decades. The practice, comprised of five physicians and three mid-level providers, offers best-in-class clinical care from five locations and operates an in-house pathology lab.

Founded in 1999 by Dr. Dianne Kamenetsky, M.D., Renewal offers a variety of services including medical dermatology, cosmetic dermatology and clinical aesthetic treatments. Together with Dr. J. Hibler, D.O., Dr. Kamenetsky and her team of professionals have provided high quality, individualized service for nearly 20 years, with a focus on providing the most relevant and safe treatment options available.

United Derm was formed in December of 2016 to acquire Skin Cancer and Dermatology Institute, the leading dermatology provider in Northern Nevada. In July 2017, the Company acquired Vitalogy Skincare, a leading provider of dermatology services in the Austin, TX metro area. The acquisitions of Bend Dermatology and Renewal are central to the Company’s buy and build strategy and provide additional scale which can be leveraged across its robust infrastructure. With these two new additions, United Derm represents 30 physicians and 18 mid-level providers across 20 locations.

About United Derm Partners

United Derm Partners is a Nashville-based physician services organization focused solely on the dermatology space. Founded in 2016, the company provides operational support, compliance and regulatory resources, revenue cycle management and managed care resources for dermatologists nationwide. Its integrated platform offers a centralized burden-reducing, cost saving solution that makes life and work easier for physician partners while preserving their professional autonomy.
