

United Derm Partners Announces the Acquisition of MetroDerm

Nashville, TN, July 20, 2022 – [United Derm Partners](#) (“UDP”), a dermatology platform and portfolio company of Seattle-based Frazier Healthcare Partners, is pleased to announce the acquisition of MetroDerm P.C. (“MetroDerm”), headquartered in Atlanta, GA. This transaction represents United Derm Partners’ entry point into Atlanta and the greater southeast region of the U.S.

MetroDerm is led by founder Dr. Diamondis Papadopoulos, COO Dr. Amy Kim, and six additional physician shareholders. Since its founding in 2003, MetroDerm has grown to be a preeminent provider of dermatology (medical, surgical, cosmetic, and pathology) and plastic surgery services in the greater Atlanta market. MetroDerm’s 30+ providers deliver comprehensive care across an expansive footprint that includes five clinical locations and two centers for plastic surgery. Their full scope service offering, and dominant geographic footprint is supplemented by a clinical reputation that has allowed MetroDerm to grow into one of Atlanta’s dermatologic market leaders.

UDP will provide the resources and expertise to enable MetroDerm to accelerate the rapid growth they’ve experienced over the past several years through continued geographic expansion, provider recruitment, service expansion, and other strategic growth initiatives.

About United Derm Partners

United Derm Partners is a dermatology physician practice management company founded in 2016 and based in Nashville, Tennessee. The company provides operational support, compliance and regulatory resources, revenue cycle management and managed care resources for providers nationwide. Its integrated platform offers a centralized burden-reducing, cost-saving solution that makes life and work easier for physician partners while preserving their professional autonomy.
